#### OVERVIEW

Piero Cascone received his undergraduate Degree in Medicine and Surgery in 1977 at the Università di Roma Sapienza. He got his Specialty in ENT and Odontostomatology.From 1981 up to date he has 30 years of full-time experience in clinical care, research, and teaching in Dental and Medical Schools with a focus on the field

of Temporomandibular disorders (TMD), cranio-maxillo-facial traumatology and malformations. In this area, he also researched and lectured at the Medical School of the University of Siena from 1986 to 1998. In 1989 he received a clinical appointment at the Department of Maxillo-Facial Surgery, Policlinico Umberto I, Rome. In 2004 he was appointed to the Faculty of the Università di Roma Sapienza -School of Medicine and Dentistry and in 2005 was promoted to Associate Professor of Maxillofacial Surgery.

From 2009 he is Director of the U.O.S. di Traumatologia e Chirurgia d'urgenza Maxillo-facciale - Policlinico Umberto I

From 2014 he is Director of U.O.C. Chirurgia Maxillo Facciale, Policlinico Umberto I, Roma.

He is co-editor of the "Il giornale italiano di chirurgia maxillofacciale".

He attended various centres of excellence and university in Europe and United States. In addition to his medical practice and research, Piero Cascone serves on the Board of Directors of the Italian Society of Maxillofacial Surgery and he is a member of several Italian and International societies. From 1995 till 2007, he has served as President of the Board of Directors of the University Consortium of the Province of Ragusa, Sicily. In this capacity, during his tenure the University activated 13 University courses and 6 specialistic University courses, including Medicine and Surgery, Agriculture, Law and four research centres in the fields of Bio-medicine, Agriculture, informatics and languages. The Consortium now includes more than 400 professors and about 5,000 students. The past research has resulted in 2 textbooks, 171 publications in refereed journals and 7 book chapters. Finally, since 2009 he is Founder and Incoming President of the European Society of Temporomandibular Joint Surgeons (ESTMJS).

## SURGICAL EXPERIENCE

From 1981 till now Piero Cascone performed all the principal surgical techniques for the correction of the various cranio-maxillo-facial malformations, including primary and secondary cleft lip and palate, the oncological treatment in the head and neck area, including benign and malignant salivary gland tumours, and management of regional lymph node stations, the management of the cranio-maxillo-facial trauma (bone, teeth, and soft tissues), both acute injuries and sequellae, the oral pathology and oral medicine. He also performed multidisciplinary surgical approaches in traumatology, oncology and cranio-maxillo-facial malformations.
